

# DIGITAL LITERACY WORKSHOP SAINT-HENRI

## AGES 65 AND UP

By: Olivia David, Olivia Farrugia, Solene Bladou, Lama Ziad, Roma Gelgor, Melissa Hartley and Mostafa Fattah

Come learn about computer literacy, have access to computers, socialize and connect with us! We are here to teach you and answer any questions you may have

Offering a space for the elderly population of Saint-Henri to have access to computers, Wi-Fi, and have the opportunity to learn how to use the internet.

Elderly community of the Saint-Henri neighbourhood, **65 years or older**

Workshops for the elderly population around different topics, such as digital literacy, internet safety, how to book appointments online, how to shop online, how to use zoom and other platforms, and more!!

Every **Monday afternoon, from 1pm to 3pm**, we host digital literacy workshops for the elderly population.

Every **Wednesday afternoon, from 1pm to 3pm**, the elderly population could come use computers with the support of volunteers present. Free time! Practice the skills and knowledge learned within the workshop sessions.

\*Schedule subject to change

One facilitator will always be present as well as three volunteers present at the Monday workshop sessions, as well as 3 volunteers available for support during the allotted free use period on Wednesdays.

Each workshop will be **1.5 hours long**.
